Data Modeling in Power BI
Preparing Data for Analysis with Microsoft Excel

Dedeepya Majety

Serving Notice Period | Certified Azure Data Engineer | Certified Databricks Data Engineer | PySpark | SQL | Python | ADF | ETL Pipelines | Azure Cloud |Power BI
Chirala, Andhra Pradesh, India

Summary

I am a data professional with experience across Data Engineering and Data Analytics, focused on transforming raw data into reliable, insight-driven solutions.
I have hands-on experience building and maintaining ETL/ELT pipelines using SQL, Databricks (PySpark), and Informatica PowerCenter, ensuring data quality, scalability, and performance.
From an analytics perspective, I work on data analysis, reporting, KPIs, and dashboards, translating business requirements into actionable insights for stakeholders.
I enjoy working across the data lifecycle and collaborating with teams to solve business problems using data. I am seeking opportunities as a Data Engineer, Data Analyst, or hybrid data role where I can create impact through clean data and meaningful insights.

Experience

Cognizant
3 years 9 months

Associate
October 2025 - Present (1 year 1 month)
Chennai, Tamil Nadu, India

Contributed to the migration of enterprise ETL pipelines from Informatica PowerCenter to Azure Databricks, helping modernize legacy data platforms.
Converted complex SQL-based transformations into PySpark and Spark SQL, enabling scalable and efficient data processing.
Designed and developed Azure Databricks notebooks for large-scale data transformation and analytics.
Built and orchestrated end-to-end data pipelines using Apache Airflow, handling scheduling, dependencies, monitoring, and failure recovery.

Programming Analyst
February 2024 - October 2025 (1 year 9 months)

Programmer Analyst Trainee
February 2023 - March 2024 (1 year 2 months)
Chennai, Tamil Nadu, India

Cognizant
GenC intern
February 2022 - August 2022 (7 months)
Chennai, Tamil Nadu, India

Education

Saveetha Engineering College

Bachelor of Engineering - BE, Electrical, Electronics and Communications Engineering · (2018 - 2022)
